Briggs Healthcare® has partnered with DeVero!

Changing to an EHR provider doesn't have to mean a loss of productivity due to your staff learning a new input device and unfamiliar data collection formats. DeVero provides an easy-to-use and implement EHR solution with *Briggs® Inside*.

With *Briggs® Inside*, your staff will experience the same Briggs Healthcare® forms they have come to know and trust; now in a convenient and efficient electronic format. In addition, the DeVero software enables you to:

- Maintain documentation consistency by using your familiar Briggs Healthcare® forms online
- Access your Briggs Healthcare® forms *anytime, anywhere, on any device* (smartphone, tablet, desktop, etc.)
- Generate reports using data on any of your Briggs Healthcare® forms including OASIS operational efficiency
- Transition your staff online with no loss in productivity or revenue
- Gain real-time visibility to ALL your clinical documentation – always up-to-date
- Benefit from Analytic Reports to improve operational efficiency
- And, much more!
